

Western Excelsior – Approved in Michigan, Virginia and Georgia

11/14/2005

For Immediate Release

Western Excelsior actively engages in product approvals with every state. In doing so, Western Excelsior is supporting its distributor network and ensuring each product meets the standards set forth by every state. Recently, Western Excelsior applied for acceptance in Michigan, Virginia and Georgia for both temporary Erosion Control Blankets (ECBs) and permanent Turf Reinforcement Mats (TRMs). In each case, the state agency recognized the quality and performance of the Western Excelsior manufactured Rolled Erosion Control Product (RECP) and granted acceptance for each product. Table 1 presents the newly approved products.

Table 1. Approved Product Listing

State	Products	Result
Georgia	SS – 2	Approved
Virginia	PP5 – 8	Approved
Michigan	SR -1, SS – 2	Approved

By maintaining a close relationship with regulatory agencies, Western Excelsior is providing product conformance and marketability for its distributors and ensuring quality RECPs are used in every installation.
