RE: Certification of Conformance and Delivery for Excel R-1

To Whom it May Concern:

This document has been drafted to provide certification as to the origin, properties, and delivery of Excel R-1, a Rolled Erosion Control Blanket (RECP). R-1 is produced by Western Excelsior Corporation (WEC). The material is produced in the United States. Each R-1 roll is subjected to regular inspection and testing in accordance with the WEC Quality Assurance Program. Properties and specifications of the material are provided on document number WE\_R-1\_SPEC, attached as reference. Installation documentation may be found at [www.westernexcelsior.com](http://www.westernexcelsior.com).

Since most WEC products are sold to distributors and stocked, WEC is typically unable to certify material type or quantity delivered to the project/project site. However, space is provided below for distributor/contractor certification of materials delivered to the project/project site.

To the best of our knowledge, the information included is accurate.

A handwritten signature in black ink, appearing to read "Jill Pack", is written over a horizontal line.

Jill Pack, CPESC  
Product Manager

### Standard Material Delivery Certification

Material Provided by (Distributor/Contractor):	_____
Material Provided to (Contractor/Project):	_____
Project Name / Project Number:	_____
Rolls / Square Yards Provided:	_____
Specification #:	_____
